

Scott Walker

The Drift
4AD

After 11 years
of silence the
brooding, dark

dramatics of legendary singer
Scott Walker reemerge for a new
generation of potential wrist-
slitters. Over his 50-year career
Walker has submerged himself
in the darker waters of musical
insanity, bathing in near-theatrical
ghostly wails and the quiet moans
of spiritual hauntings. Black Metal
has got nothing on this guy.
